SHENIA LAY is a registered architect with the Architects Registration Board of Victoria (ARBV) and has worked with HATZ since 2016. As a core member of the HATZ team, Shenia has led many projects of varying types and scales. This included the design and delivery of the Multi-Level Refurbishment for PhD students and academic staff at the Spot Building, University of Melbourne. The project was completed in 2018 with a construction value of \$2 million.

She was part of the core team of designers who delivered the F.B.E. Experimental Labs in 2017, the Baldwin Spencer Student Lounge in 2018 and the C1 & C2 Lecture Theatre Redevelopment Project in 2019.

In 2020, Shenia led the design and consultants teams to deliver the Jim Baa Yer Resource Centre for Australian Catholic University, the multi-staged Minor Works Refurbishment for the Melbourne School of Design and the Lecture Theatre Redevelopment for the Old Arts Building, at the University of Melbourne.
